

JOHN HAMMOND DIES, RESULT OF ASSAULT

Negro Assailant Said To Have
Boarded L. & N. Midnight
Train At Berea

John H. Hammond, 22, assistant L. & N. railway track foreman, assaulted Friday morning by Elden Shanks, negro hailing from Tennessee, who came to Richmond some time ago and was given work on the section, died Friday evening at the Pattie A. Clay hospital at 7:20 o'clock without regaining consciousness.

The remains were moved to the Oldham undertaking establishment and taken to the home of John W. Martin, father-in-law of the deceased, Saturday morning, after having been prepared for burial. The funeral services will be conducted from the Richmond cemetery Sunday afternoon at 3 o'clock, the Rev. D. H. Matherly, of the Second Christian church, officiating.

The assault of Shanks upon Mr. Hammond is said to have been a result of enmity between the two men, since those nearby when the assault was made declared there were no words passed between the two when the assault was made by Shanks, who pulled a pick from his handle, using the latter with fatal effect upon Hammond. The latter dropped to the tracks and Shanks withdrew from the scene and escaped, going down the railway tracks. Hammond, Shanks, Walter Bates and Sam Collins were left by Foreman John W. Martin, in charge of some work when the assault was made. Martin's attention was attracted to the scene after Hammond had been felled. Police were notified and the prostrate body of Hammond was carried hurriedly to the office of Dr. H. C. Jasper, who immediately recognized the seriousness of the injury and had the man removed to the hospital. There it was found Hammond had sustained a deep incision back of the right ear. All possible was done to revive him, but after several hours death came without a word from the injured man.

Hammond is survived by his wife and lived at 527 Orange street, this city, and a mother and brother in Knox county. He came here from Knox county two years ago and had since been in the employ of the railway company. He was a member of the railway brotherhood. Police spread a dragnet about the city and county in an effort to capture Shanks, but he evidently took to the country, since Chief of Police Devore got to Red House a few minutes after having been informed that Shanks had gone north, but no trace of the fugitive was found. The search has been continued and it was reported Friday night that Shanks boarded the midnight train, southbound, on the L. & N. at Berea. The search is being continued. But little is known of the fugitive, since he had been here but a short time.

COMMUNION IS REFUSED TO UNMODESTLY DRESSED

(By Associated Press)
Cardiff, Wales, July 31.—Again a British clergyman has put his foot down against the prevailing fashions in women's dress and refused to give communion to all women who kneel at the altar rail in attire which he may regard as immodest.

Father Joseph Parlin, celebrating High Mass at Saint Paul's Roman Catholic church here, issued the following warning to his congregation: "I hope the lady members of my parish will not attempt to attire themselves in some of the present day fashions. If any immodestly dressed woman approaches the altar for Holy Communion I shall refuse to allow her to partake of the Sacrament, passing her by as if she did not exist."

Mathy Has Tb

Saranac Lake, N. Y., July 31.—Christy Mathewson, former manager of the Cincinnati National League club and more recently a coach of New National League club, is seriously ill with tuberculosis, it was learned yesterday. He has been here for several weeks, coming here immediately after leaving the New York club.

MRS. REBECCA HOCKER DEAD

Mrs. Rebecca Hocker died at her home near Speedwell early Friday morning. She was 55 years old. Funeral services will be held at Pleasant Grove Sunday, August 1, at 11 o'clock, and burial will take place in the Maple Grove cemetery, Richmond.

HARDING OPENS PORCH CAMPAIGN

(By Associated Press)
Marion, O., July 31.—Senator Harding's front porch campaign began today with the pilgrimage to Marion of a delegation from Mansfield, 40 miles away, to pay their respects to the republican nominee and hear him discuss national issues. The delegation, a forerunner of many others on a similar mission, marched to the Harding residence with banners flying and bands blaring.

SPEAKER STILL SMITES THE OLD PILL HARD

(By Associated Press)
Chicago, July 31.—Bagging a hit a day is keeping Tris Speaker, manager of the Cleveland Americans, on top of the heap in the race for the American league batting championship. Speaker, according to averages released today, widened the gap between himself and George Sisler, the St. Louis star. Speaker is batting .411, while Sisler in second place fell off to .396. Joe Jackson, of Chicago, is trailing in third place with .395, while "Babe" Ruth, of New York, is fourth with .393. The averages include Wednesday's game.

In his last seven games Speaker crashed out eight hits while the best Sisler could do was four in five games. Speaker excels Sisler in extra base hitting, having seven homers, seven triples and thirty two base hits to his credit. In home run hitting Ruth continues to be the sensation of the league, with a total of 35 up to Wednesday. Rice, of Washington, continues to show the way to the base stealers with a total of 40. Sisler is next in the list with 36. Bobby Roth, also of Washington, is third with 21.

Other leading batters: Rice, of Washington, .369; E. Collins, of Chicago, .351; Meusel, of New York, .347; Jamieson, of Cleveland, .343; Weaver, of Chicago, .342; Hendrix, of Boston, .333; Milan, of Washington, .333; Judge of Washington, .331.

In the National league, Roger Hornsby, of St. Louis, is safely in the lead with an average of .363, although Eayers, of Boston, has an average of .370 in 44 games. Hornsby, however, has participated in 91 games. Jack Smith, Hornsby's teammate, is second in the list with an average of .329, and Nicholson, of Pittsburgh, is fourth with .327.

Max Carey, of Pittsburgh, is so far out in front in base stealing with a total of 39 that he is in no danger of being overtaken. Cy Williams, of Philadelphia, with a total of nine homers, continues to lead in circuit base hitting.

Other leading batters: Rousch, of Cincinnati, .326; Konetchy, of Brooklyn, .323; Williams, Philadelphia, .319; Hollocher, Chicago, .318; Groh, Cincinnati, .317; Myers, Brooklyn, .315; Young, New York, .313; Flack, Chicago, .313.

BOBTOWN

Bobtown farmers are busy in the harvest.

Mrs. Jallie Creekmore spent last week with her daughter, Mrs. Mat Eaker, at Big Hill.

A Baptist tent meeting is in progress here, being conducted by Rev. Richardson and Turpin. The former is a noted tent minister.

TWO ESTILL 'SHINERS ARE BROUGHT HERE

Prohibition Officers Make Capture of Still and Whisky at Old Landing

Anxiety of Ambrose Dunaway, of Estill county, to direct federal revenue officers to a locality where he said there were signs of a still excited their suspicions Friday, so Prohibition Officer Rowan Sautley, of Stanford, decided to look over Dunaway's premises, and the result was that a fullfledged "worm" and other apparatus for making 'shine' was found. Dunaway had previously been taken in charge when the officers found him in company of John H. Watson, who had a jar full of liquor with him on his horse when the officers halted the pair.

When brought to Richmond Dunaway confessed. Both men pleaded guilty before U. S. Commissioner Warfield Bennett late Friday. Watson was held in \$200 bond on a charge of transporting liquor and Dunaway on a charge of moonshining. The men said they would furnish bond Saturday.

Headed by Officer Sautley, three officers, the others being Steve Cornett and Joe M. Kavanaugh, went to the Old Landing section of Estill county, where a still had been reported to be in operation. The officers had no tangible clue, but did some prospecting around the country and soon ran upon Dunaway and Watson, who were riding on horses. Watson had the goods on him but Dunaway seemed innocent. He offered to take the officers to another section where he had heard of whisky being made, and seemed anxious to lead them to it, and Sautley became suspicious and apparently fell in with his suggestions. He told Dunaway that he would release him when they came to his house and go on with Watson to the locality where the still was reported by Dunaway. Soon Dunaway showed the officer where he lives at the top of a long pathway up a hill. He then started to leave, but was detained while a search was made with the result that the still was quickly found.

NORMAL TEACHERS TAKING VACATION

At the close of the summer school the various members of the faculty of the Eastern Kentucky State Normal School left their posts of duty here to enjoy an eight weeks' vacation.

After working for 46 weeks in class rooms it would be supposed that the teachers would want to get as far away from any suggestion of school work as possible, but that is not the case. Eleven of the instructors left Richmond immediately to enter institutions of higher learning. Peabody College at Nashville and the University of Chicago each received four of the local teachers, while Columbia at New York and Powers School of Expression in Boston each received one. It could not be learned where the eleventh teacher enrolled, but it is known that she is in school.

As the opening of the local institution does not occur until after practically every teacher in the country has begun its work an opportunity will be afforded the teachers here to visit and observe the work of the various schools offering similar work. Those who are in a position to know say that the course of study and the method of administering it at the local institution is far in advance of the majority of such schools. With the addition of several new instructors in September the work will be better taken care of than ever before.

COUNTY COURT MONDAY

The regular session of the Madison county court will be held next Monday morning at the usual hour. Judge W. K. Price stated Friday that he did not expect much of a grist of business, since there is generally a falling off of this during this period of the year. There have been a number of cases filed, however, in the office of County Clerk Maupin.

Mr. and Mrs. J. B. Nantz, of Louisville, are visiting Mr. and Mrs. Chas. Gaines, on Summit avenue.

TWO 15 YEAR OLD BRIDES IN ONE DAY

Two 15 year old girls are to become brides, marking the last licenses of the month issued by County Clerk Jennings Maupin, one being from Richmond and the other from Big Hill. The applicants for license were in each case accompanied by their parents, and the wedding of each is set for Saturday night. The contracting parties are: Jesse Hamilton, 25, and Annie Cruse, 15, daughter of Mr. and Mrs. J. C. Cruse, both of Richmond; Raymond Hyneen, 20, farmer, and Anna Cox, 15, daughter of Mr. and Mrs. Joseph Cox, both of Big Hill.

STRIKING MINERS ARE ORDERED BACK

(By Associated Press)

Indianapolis, July 31.—The striking Illinois and Indiana miners were today ordered back to work. United Mine Workers President Lewis in a telegram directed to every local union in the affected districts, to call meetings immediately and take steps to get the men back into the mines. He repeated the telegram he received last night from President Wilson insisting that the miners return to work, and thus "demonstrate their good faith in keeping their contract."

Lewis' message in part said, "I herewith order and direct all members of our organization, who may be idle or on strike, contrary to the provisions of the Intestate, joint agreement, to immediately return to their employment and permit a normal operation of mines."

HUGE INCREASE BY TOBACCO CO.

(By Associated Press)

New York, July 31.—The American Tobacco Company has increased 114 per cent during the period from 1911 to 1919, according to a report of the company's business made public today. The 1918 sales were \$146,000,000, compared with \$67,000,000 in 1919, with the distribution of 75 per cent of stock divided next August. The total capital, including the fund department, is to be increased to \$167,000,000, an increase of 67 per cent over 1913.

CHAS. RENNER IS NOT DEAD

Middlesboro, Ky., July 31.—Charles Renner, who is supposed to have committed suicide by drowning at Louisville Tuesday, on account of domestic grievance, addressed a note without date, to a newspaper here. It reached here Sunday bearing the Irvine, Ky., postmark. The woman in the case is known in Middlesboro where she has relatives. The note reads:

"There will be a preacher in Middlesboro in a few days in search of a Bible stolen by another preacher at the same time he stole my wife and destroyed my home. He lives on Middle Fork, or did a short time ago. I must have my Bible if I have to take a warrant to get it. Unless it is mailed to me at once, the public shall know who you are. If I don't attend to this, my brother will."

"CHARLES RENNER."

A postscript with a different pencil address says: "Mail it to Rev. John M."

BRAVE IN BATTLE BUT TIMID AT HOME

Madison County Ex-Service Man Finally Reveals Most Extraordinary Wound Here

The work of the local Red Cross is becoming very extensive, and that of the various government organizations in behalf of the ex-service men is being heard from here and there, from day to day, demonstrating that the operations are becoming more and more extensive, as the work and intention of the organization are advertised. A forcible illustration of the pride and sensitiveness of the average man, who was so brave on the battle front, is depicted in not a few cases. Here is one. A young man, a Madison county ex-service man, who served his country well across seas, was wounded in such a manner as to almost cost him his life, yet the details are just coming to light, and these thru the necessity of operating as a result of the peculiarity of the wound.

The young man literally had his jugular vein severed while in action, and a very rare and remarkable as well as timely operation saved his life for the time being, and he was able to return home. He is again suffering from a growth about the important organ which, it is believed, will necessitate another operation, the result of which would be problematical. However, he steadfastly refused to permit the use of his name regarding the case. The patient, who is still optimistic, is preparing to have the wound treated again, and this will be done under the management of the most skillful surgeon obtainable, and it is probable that he will be sent to some hospital where he will receive every care. This is but one of the many illustrations of the reluctance of the ex-service men in coming into the limelight at home.

COX TO EXPLAIN STAND ON LEAGUE

(By Associated Press)

Washington, July 31.—"The democratic party's position on the League of Nations will be made perfectly clear when Gov. Cox delivers his speech accepting the presidential nomination," George White, the new National Chairman, declared today in answering an inquiry of Senator Harding as to the party's stand on the Administrations' foreign policy.

White declared that until Cox delivered his acceptance speech, he did not care to "engage in a newspaper controversy with the republican candidate."

PHYSICAL EDUCATION TEACHER AT E. K. S. N.

In past years on teacher at Eastern Normal has done the work in expression and physical education. The coming year the work will be divided. The work in expression will be done by Miss Rusie Miller, of Springfield, Ky., who is now in Leland Powers' School, Massachusetts.

President Coates has secured as directress of Physical Education for women and girls the services of Miss Katherine Hammond, of Welch, W. Va. Miss Hammond is a graduate of the Sargent School of Physical Education, Cambridge, Mass. During the years 1916-17, she taught in a girls' boarding school in Massachusetts. During 1918-19 she was supervisor of Physical Education in the public schools in Charleston, W. Va. For the past four months she has taught water sports, etc., at Sargent Camp for Girls, Peterboro, N. H.

The separation of the work of Expression and Physical Education will enable the high school girls in the Normal School to secure the advantages of both these arts.

COUNTY SCHOOL BOARD TO ARRANGE A SCHEDULE

Members of the county board of education are planning to arrange a regular meeting day schedule when the business incident to the schools of the county will be transacted. It is believed this will be more satisfactory than the called meetings, in that oftentimes some member of the board is either absent from home or unable to arrange his work in order to attend. There has been more work during the present year, owing to the extensive improvements at the various schools, and the shortage of teachers, than ever before, and considerable time upon the part of each member of the board is required.

COMPROMISE SEEN IN BIG LIQUOR CASE

(By Associated Press)

Washington, July 31.—A compromise of the case of the R. E. Wathen & Company distillery, of Louisville, where the government seized the plant several months ago after investigation of a liquor shipment, is being held up. The settlement of \$125,000 is approved by the commissioner of internal revenue and referred to Assistant Secretary of Treasury Jewett Shouse, in whose office it is still under consideration. It is now said that the whole matter may be referred to the department of justice.

PONZI STANDS FIRM; INVESTIGATION ON

(By Associated Press)

Boston, July 31.—Charles Ponzi, the man of mysterious millions, stood aside today in his offices where he has handled the investments of thousands of persons, in his international postal exchange business while federal auditors went over his books to see how much he owed and had with which to pay. Federal Attorney Gallagher said he hoped to establish whether Ponzi made millions in profits he claimed, or had been paying fifty per cent to one investor with money obtained from another set. Ponzi continues to pay all claims presented and pointed to the few people present in his office as evidence that the run on his business was over.

SAM HUNTER IN RACE FOR JAILER

The first candidate for county office to make the race in the primary next year is announced in the Daily Register today. He is Sam Hunter, the well known and popular turnkey at the county jail, who is out after the main job next time and makes his formal announcement as a candidate for the Democratic nomination for Jailer. Mr. Hunter is well known in Richmond and over Madison county. He has made a faithful and efficient official and his friends think that he is entitled to promotion to the higher office he seeks.

It is expected that other candidates will soon get into the races for the various county offices. The columns of the Daily Register are open to all announcements of any party at the usual charge.

CLERKS TO REPORT DEATH OF TAXPAYERS

The law relating to inheritance tax passed by the General Assembly, makes it mandatory upon the part of the heirs and beneficiaries to report the facts to the State Tax Commission, that the correct amount due the state from the heirs and beneficiaries may be ascertained.

The attention of county clerks throughout the state is being called to this amendment of the law by the State Tax Commission which is supplying the clerks with blanks to be used by the heirs and beneficiaries in making report required by law.

The Commission is also furnishing the county clerks with blanks for reporting deaths of taxpayers which may have occurred between January 1 and December 30, 1920. This information is required and made necessary by an act of the 1920 General Assembly.

EXPLOSION KILLS WILLIAM J. TATUM

Body Hurled High In Air By Explosive of Dynamite Friday Evening

Wm. J. Tatum, police judge of the city of Berea, was killed at 5:30 p. m. Friday by a dynamite explosion near Scaffold Cane, four miles south of Berea, where he was engaged with a force of workmen in quarrying stone to macadamize about one and one-fourth miles of the Dixie Highway, under a contract with Road Engineer J. B. Baxter, for Madison county.

The accident occurred on the farm of Miss E. K. Corwin, just over the county line in Rockcastle county, and was witnessed by only one person, C. H. Burdette, of Berea, who was a partner in the contract.

At the close of the day's work, some two or three holes had been drilled and loaded and after excusing his crew of several men, who started in various directions for home, William Tatum lit the fuse and as is customary, he and Burdette walked some distance away for safety and after one or two explosions and a short interval of time, Tatum started to return to the quarry. Mr. Burdette called to him saying that one shot had not gone off, and seeing that he did not stop, warned him the second time not to go, but Tatum apparently thinking the fuse had gone out, returned and when directly over the charge, and with a match in his hand preparatory to relighting the fuse, the explosion occurred, throwing his body 20 feet in the air, and killing him instantly.

The body, mangled almost beyond recognition, was removed by Undertaker R. H. Chrisman, to Berea in a short time and was prepared for burial.

Mr. Tatum was universally liked by all and had been Chief of Police, Street Commissioner and Police Judge of Berea at various times, holding the latter position at the time of his death.

His wife, who before her marriage, was Miss Rose Terrill, and two daughters, Mary and Florence, survive him and the sympathy of a host of relatives and friends go out to them in their loss.

Funeral services will be conducted at his late residence in Berea Sunday afternoon at 3 o'clock.

ASPHALT MACHINE INVENTOR IS HERE

George Merriman, inventor of the asphalt mixing machine recently purchased by the L. A. T. & B. & B. Company and shipped to Richmond, arrived on Saturday morning from Philadelphia to inspect and start the machine that will crush the stone for Richmond streets. Mr. Merriman, who hails from Toledo, O., was accompanied by R. J. Bidwell, Lima, O., an expert mechanic, who will superintend the assembling work commenced a few days ago. The latter reports the machine will be assembled and in condition to operate by the time the street paving men are ready for it.

The machine is one of several being introduced in Kentucky where street paving is said to be a specialty this year. The new crusher, together with the grade of sand and other ingredients composing the concrete and asphalt for the local streets furnishes them to be among the best in the state. Mr. Bidwell as well as Mr. Merriman is preparing to prolong his stay in Richmond, since hot hstate they are not able to find time in which to see some of the fox hounds, fast and famous Kentucky thoroughbreds, tobacco plantations and other things of interest hereabouts.

St. Louis, July 31.—Wholesale price of home grown potatoes has fallen here about 40 cents a hundred pounds in the last 24 hours, selling around \$3.75, an approximate decline of \$2 in the last week. Good crops was given as the cause of the decline.

BEAUTIFUL TRIBUTE TO DR. M. C. HEATH

The Stanford Interior Journal had the following beautiful tribute to Dr. M. C. Heath, of this city, who died at the home of his daughter, Mrs. A. H. Severance, there:

Dr. M. C. Heath Joins Silent Majority.

The death of Dr. M. C. Heath, which occurred at the home of his daughter, Mrs. Albert H. Severance, at noon Tuesday, removed from earthly usefulness and scenes one of the finest old gentlemen the writer has known in many years. He was a typical Southern gentleman, democratic in ways and politics, as gentle as a woman, yet as brave as Caesar. A Southern sympathizer and soldier, his heart was altogether with South now, as in the days that tried men's souls, yet his high regard for the opinion of those who differed with him, made friends of all who came in contact and made him popular with all classes. His death is regretted by a wide circle of friends here and elsewhere. Although claiming Richmond as his home, Dr. Heath had spent much of his time of late in Stanford with his daughter and her husband and every one here held him in high esteem. He is the last member of a family of 15, the other remaining members of the large family having died at Charlotte, N. C., in July of last year. Mrs. Heath, who was Miss Mary Embury, died a number of years ago. He leaves two children—Mrs. Severance, of this city, and Mr. Joseph J. Heath, of Detroit. Mr. Heath was here to see his father a week ago, but was called back home by the illness of his wife. She was in to serious a condition for him to attend the funeral of his father. For over half a century Dr. Heath had been a practicing physician and he was a most successful one. Frequently during his sojourn here he was called to Richmond to see some of his old patients who would have no other doctor. He was a member of the Presbyterian church and until his infirmities began was a most active one. The remains were taken to Richmond Thursday afternoon and laid to rest in the city of the dead there after brief, but touching remarks by Dr. Telford, pastor of the resting place. Truly a good man. A has gone to a rich reward and his number of friends from Stanford are passing carries sorrow to many accompanied the remains to their last hearts.

GOVERNOR COX'S RELIGION

As many people have asked what church Gov. James M. Cox, democratic nominee for president, belongs to, we reprint the following from an article written by William H. Crawford, a man who has known Gov. Cox intimately for more than 20 years:

"In religion Cox is a member of the United Brethren church, which is a cross between the Methodist church and the Baptist, with a membership largely rural. The United Brethren hold practically the same tenets as the Methodist church, but they practice immersion, after the fashion of the Baptists."

BRYAN ON COX IN 1913

Speaking of Cox, the democratic

press is taking considerable pleasure these days in printing the following item: William Jennings Bryan, in an address before the Pennsylvania legislature on May 13, 1913, held up as an example of success in state administration the present democratic candidate for president. He said:

"Look at Governor Cox, of Ohio. There is a reformer who asked 86 terms and got 86."

Congress is the Key to Dry Enforcement

A Vote for GILBERT Means a Dry Congress

A wet Congress can effectively cripple and practically annul the enforcement of the National Prohibition Amendment by cutting down the appropriation to meet the necessary expenses of law enforcement. Or it can amend the Volstead Act to permit the sale of light wines and beer. Federal Commissioner of Prohibition Kramer says: "We might as well give up the whole thing and let it go by the board if we are to permit sale of wines and beer. Soft drink establishments are troublesome enough today, but to change them to wine and beer saloons and no power on earth can enforce the law or limit the amount of alcohol in the drinks sold."

If there ever was a time in the history of temperance reform in America when your vote and your influence will count 100 per cent, that time is now.

DRY DEMOCRATS OF MADISON COUNTY SHOULD NOT GIVE UP THE FIGHT WITH VICTORY WITHIN THEIR GRASP.

Gilbert is a lawyer of marked ability and has owned and operated a farm for 15 years. **HE IS FEARLESS IN HIS STAND FOR THE DRY CAUSE** and the principles of Democracy. His record in public as well as private life will bear the closest scrutiny. **HE DOES NOT CONCEAL HIS VIEWS OR HIDE HIS OPINIONS** and you know where he stands on every public question. Since Gov. Cox has said that the liquor question is not a presidential issue, but must be settled in the Congressional election, Gilbert is more than ever the strongest man for the Democrats to nominate and pit against King Swope, the Republican candidate, in November. Go to the polls on August 7th and cast your vote for Gilbert and you will vote for your next Congressman.

CITY WEED CUTTING NOW IS STARTED IN EARNEST

The city is getting busy with the weed problem, by cutting the weeds about the city institutions, especially the city schools, and the spacious lawns are taking on a new and much improved appearance. The work will continue for some time and will place the grounds in good condition for the opening of school later on. There will be some grading and other improvements at the Madison High School grounds, where improvements are being made also on the buildings.

LIVESTOCK OF STATE ATTRACTS ATTENTION

Extraordinary Progress Recorded In Production of Fine Hogs—Exhibitions Coming

There will be one of the most extensive exhibitions of livestock in the annals of the history of Kentucky county fairs on display this year, according to reports of Madison county stock raisers, and the earlier from the others county fairs, which have been to the effect that there have been extraordinary exhibitions of quality and quantity will not prove an exception, when the Berea, recognized as the Madison county fair, comes in for its own next week.

H. C. Pieratt, living on the Tate's Creek pike, who is rapidly becoming recognized as a producer of fine stock, and whose contributions last year carried off the first prizes for Poland China gilts at the Kentucky State fair, as well as others, will increase his representation this year, a fact that will be much in evidence both at the Berea, Lexington, State and other fairs. He is preparing for a large shipment to the state fair, claiming he has even better hogs this season than last, and more of them. He will specialize as he did last year with the Poland China gilts, which have not been beaten thus far.

Mr. Pieratt, who was in the city on Thursday, stated he had never before seen such interest displayed as this year by the stock men of the entire state. He admitted that from rural

districts there had been brought to one fair some of the best stock he had ever seen. He stated that the average raiser now was going in for quality, and the great Kentucky horse reputation was about to be equaled by the production of some of the finest hogs in the land.

He claims there are premium hogs as well as cattle and horses being sent out of the state every week to foreign parts, and that fine stock is Kentucky's middle name, if there is any. He reports the sale of a large number of fancy porkers, the most recent ones being to Randolph Sternberg, of Cresmont, recognized as one of the best producers of hogs in that part of the state; Carter Howard, of Hulen, is another purchaser, while Felix Sternberg, of Idleburg, has just closed negotiations for a number of fine specimens. "I'll have plenty left for exhibition purposes," said Mr. Pieratt, in enumerating his late sales.

Few Seek To Be Jailer

Reports now from the Capital are to the effect that the state legislature may consolidate the office of county jailer with that of the sheriff, since prohibition is one year old, and there are many empty jails in the country. It is a known fact that some of those who looked upon the office of jailer are seeking other places, since the office of jailer is no longer a paying one—all of which speaks well for prohibition.

BALLOON ASCENSION

AUGUST 2, 1920 3:00 P. M.

In Front of Our Store

There will be a tag attached to the balloon. Whoever gets the tag will be presented with a handsome present by us. There will be another balloon sent up Saturday, August 7, also Saturday, August 14, both at

3 p. m., with tags attached, and the handsome present will be given to parties returning these tags. Balloons will be the only things to go up and everything in our entire store will come down with a crash. We are now

arranging our stock and marking everything down 20 per cent below present prices with a few exceptions, namely, Edison and Victor Talking Machines, Electric Cleaners, Electric Washing Machines, Electric Bulbs,

20 PER CENT. REDUCTION on CASH SALES ONLY

To our patrons and friends, we extend to you a cordial invitation to attend our sale and help us make it the greatest selling event ever held in Madison County. We mention below some of the features that we have arranged for your benefit and pleasure in addition to this 20 per cent reduction. We intend to prove to you that we are selling goods much cheaper than they could be bought in large cities. We want to stimulate a pride in Richmond and seek your co-operation in helping us to spend your money at home and thus keep our money in circulation here rather than to spend it elsewhere where it will benefit someone else and not us.

Feature No. 1 consists of two car loads of Majestic Ranges and Stoves

bought some time ago, since which purchase they have advanced 25 per cent. We are going to sell them at the old price and give an eleven-piece aluminum set with each range sold. There will be representatives from this factory to demonstrate these stoves. We cannot too urge you to come and see them before these representatives leave. They will have to be at the store on Monday, August 2, 1920, 3 p. m. Big Free Demonstration.

The next feature is the demonstration of the wonderful

EDEN WASHING MACHINE

by representatives from the factory. Now, my good man, you fooled the woman once when you asked her to have you; fool her again and buy her one of these machines. Turn her drudgery into pleasure and thus prolong her life, to say nothing of the clothes. FREE.

Another feature is the

WHITE SEWING MACHINE

which will also be demonstrated. Why pay two or three dollars to have one dress hemstitched when, for a dollar, you can put a hemstitcher on your White Sewing Machine and do all your own hemstitching the rest of your life. This is not the only attachment it has that no other machine has. It also has the ruffler, hemmer, and embroideries fancy pieces that look just like handwork. Come and see some of this work and be convinced. ALL DEMONSTRATIONS FREE.

In addition to these features we shall give a ticket each to the first three hundred people to enter the store Monday. These tickets are all numbered. We shall give away three prizes. The party having the lucky number, the first prize, a handsome rocker; the second prize, a

handsome Art lamp, and the third prize, a handsome picture. Each day thereafter during the sale we will give away a hundred tickets; to the one holding the lucky number we shall give a handsome prize. The prizes each day will be awarded at 3 o'clock. Be sure to be here and be the lucky one. FREE.

TOTAL PRIZES TO BE GIVEN AWAY DURING SALE 20

Keep your tickets, even though you do not draw a prize, and the last day the person holding the most tickets will be awarded a RANGE; to the one holding the next greatest number will be given the preference of a library table or floor lamp, and to the person holding the third greatest number will be given a set of Aluminum Ware.

We have secured the services of J. T. and H. J. Sullivan, Sales Managers, of Louisville, to conduct this sale for us. Either of these gentlemen will be glad to answer any question during this sale or to assist you in any way. Don't hesitate to call on them for any assistance.

You can't afford to miss the biggest sale of our lives, and a good time, to say nothing of the bargains and presents. FREE.

Our Stock Consists of

MANY ORPHANS BEING ADOPTED

There Are Three In One Madison County Home, All Happy As Can Be

Attention of officers of the Kentucky Children's Home is being attracted to the large number of children being taken from the institution and given good homes, principally in the country in this section of the state.

For the first half of this year, there have been a greater number of children removed, it is reported, than during the entire twelve months previous. Special investigation is made in each case where the orphans are placed, as to environment, etc. Madison and Fayette counties are among the leaders, and many of the unfortunate little ones are being regularly adopted after a short stay at their new homes. Strict account is kept of every one, and when those having them in charge move from one community to another, there is a report made also as to the manner in which the children are being treated. This important matter, according to those in charge of the home, is not generally known, but some of the little tots are being taken by leading citizens, and some of the wealthiest families in the state which have not been blessed with children are seeking of these orphans. The management regarding the early life and education given at the home render them very admirable and increase the liability of the desire of the childless home to take possession of them. The work is important in many ways, and there is more attention being given it at the present time, it is claimed, than ever before.

There are three of these little children, without parents, in one home in Madison county. This is the home of Mr. and Mrs. Wilbur Hunter, of Paducah. Two years ago Mr. Hunter took from the institution at Louisville a little boy named Andrew Brown. Andrew had two little sisters at the home, and he proved such an energetic and winning little fellow, so appreciative in many ways, that he was from Mr. and Mrs. Hunter their greatest esteem and admiration, with the result that his longing for his two sisters terminated in his new parents going after them. Now the children are reunited, have a good home, are happy and make every effort in their childish ways to show their appreciation.

NEW HOMESTEADERS

Richmond real estate men continue to report sales of land here and there indicating a great demand for the small farm, which is readily sold. Madison county is filling up with the homesteaders, the kind that has families and money enough to buy a small farm, hence the surprise in the increased population of the county.

Edward Richard, from the south, farming Madison county, has purchased from R. L. Roberts 40 acres of land in the vicinity of Estrada, possession to be given the first of the year, when he will take his family there and make it his future home.

Another newcomer, Lester Richmond, who has purchased the beautiful home with 10 on the Irvine pike, three miles from the city, from D. W. Dawson, where he will move his family soon to reside. The consideration in both instances, according to Sales Manager Dunbar, of the Freeman Realty company, was \$3,000.

Mrs. Margaret Steele, is Nicholasville, is visiting her daughter, Mrs. Allen Zaring.

GALLANT WOMEN FIELD WORKERS

That two-fifths of those employed in the tobacco fields of Madison county are women and girls is evidence brought in by an "actual count" of one close observer whose business requires frequent trips thru various parts of this and other counties. In some localities the percentage of female workers is said to be much greater, but this is the report on the local fields. It is claimed to be a greater percentage of women and girls than ever before performed this work. However, there are various reasons advanced.

One pertains to the general scarcity of labor, and another to the great amount of public road work and last, but far from the least, the energetic disposition of many young women of the country today who, since the beginning of the war, delved into the work formerly done by men generally, to a greater extent than usual.

Three instances were investigated with the result that all of the three young women at work in the field had one or more brothers. One stated that she had two brothers, one working in the city, and the other on public work. "This gives us two cash incomes," she said, "and yet the work here at the place goes on, and we will have some tobacco money besides," was the philosophic explanation of one. The second stated her brothers were in the city and she had "put in" the crop on her own hook, and was taking the responsibility of caring for it herself. The third admitted she

The Product of Experience

It Speaks for Itself

The character of the organization back of a car means something to you as it must to every discriminating purchaser.

Briefly, the Chevrolet Motor Company has built and sold nearly half a million automobile—one-twelfth the number of cars in use in the United States today.

They are building this year alone over a quarter million more.

This year also they are spending Ten Million Dollars to increase production facilities—to build an even better car.

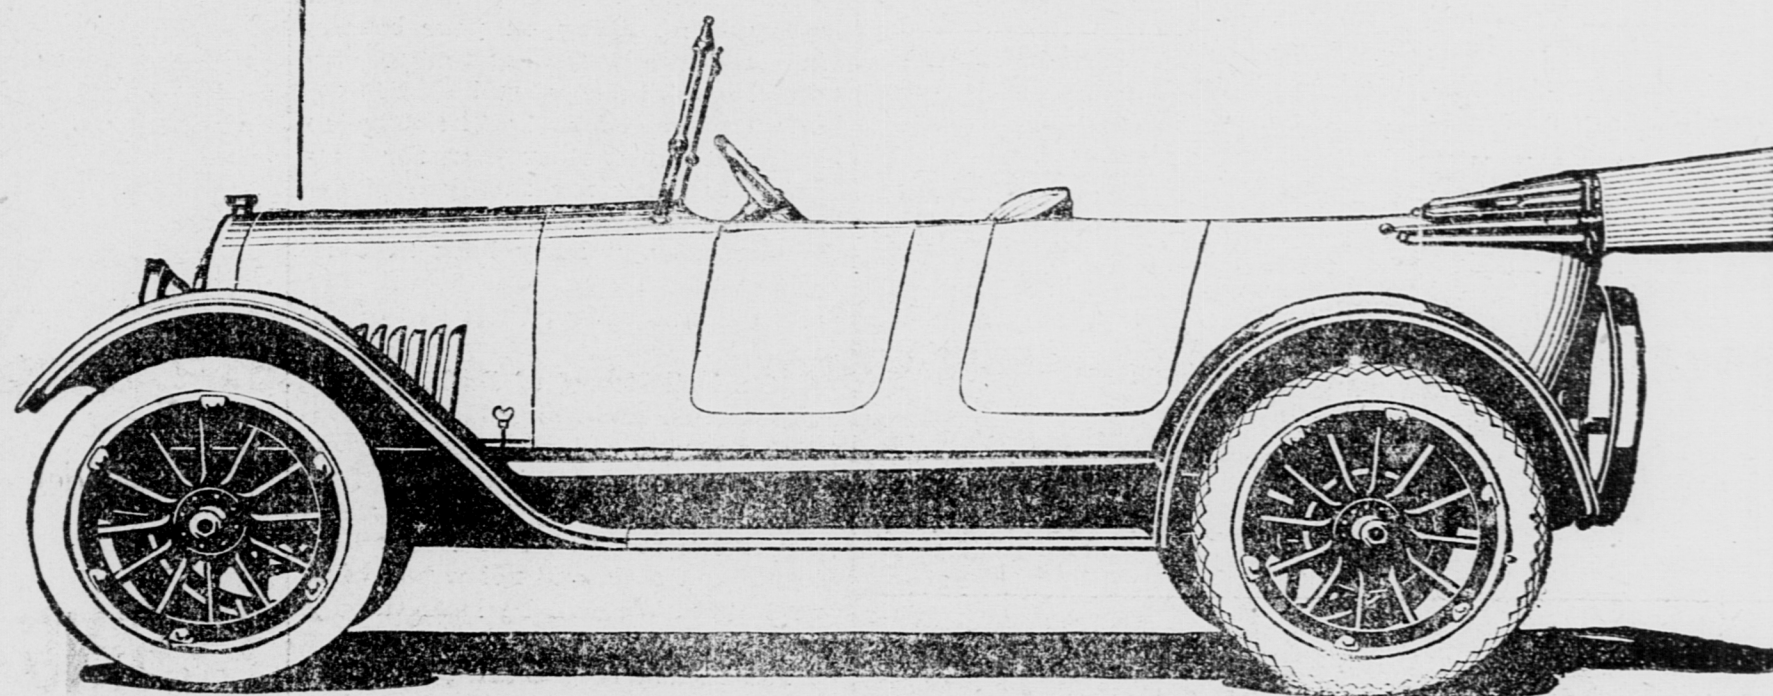

There are eight Chevrolet manufacturing and assembly plants situated at the centers of greatest demand throughout the United States and Canada.

These plants did not spring up over night. They were built step by step upon the ever-increasing demand for Chevrolet cars.

Their purpose is and always has been to supply the most dependable, efficient transportation at the lowest cost, and their success in the past is the indication of the service they will render in the future.

VILLA IS TO SURRENDER

Francisco Villa, late telegraphic reports from Mexico City say, is marching with 1,800 of his men to Torreón where he will surrender, recognizing the Huerta government, be given a tract of land, as will his followers who will become farmers, and all will be "mustered out" of service.

BALING HAY WITH A FORDSON TRACTOR

Madison county has one of the best hay crops in years, and there will be good money in baling hay this year. Don't let the other fellow get the profit on your crop when you can save it with a FORDSON TRACTOR. The cost of operating a FORDSON is about one-half what the ordinary tractor would be.

When the baling season is over, you will be ready to grind that rock your ground is so badly in need of.

That fall plowing is just a few weeks off.

You are losing money every day you put off buying a FORDSON. It is the missing link in your chain of farming implements. You can make it pay for itself during the hay season.

TOURISTS TO SOUTH AND WHAT THEY SAY

Kentucky Grandeur Being
Commented Upon By Visitors
From Far Away States

Southern tourists are increasing, according to estimates of garage owners, along the celebrated highway, since they report numerous inquiries along the line, and reports from the various travelers are varied regarding the highway through Kentucky. Some say there should be immediate repairs made at some places, "stony" sections of the country being reported where the road might cause a "better impression," as they state, and there are some parts of the highway that render traveling a real pleasure. One woman, hailing from Jackson, Mich., with a big party, said, "You folks should appreciate the beautiful scenery here and make this road such that the traveler would not have to watch the highway, nothing but the grandeur of the country, which, to my way of thinking, is the most beautiful I have ever seen." When asked her name, she replied, "I am afraid my people up north may get jealous of my compliment, of which I am very sincere, and I don't think I should reveal my identity, but, you may state, if stating is your business, that Old Kentucky will see us for a longer period next year."

Mrs. L. P. Moore, with a party from Racine, Wis., stated that the more hilly the country the better she liked it, and, she said, "Switzerland really has nothing on your country in some localities, for I have been there several times, and this is my first trip here, but it will not be my last, if I live another year, for I am going to bring my family here and spend weeks and week—" she added, gesticulating, "away back in those hills, where I can do a little fishing, and get away from the noise of the city."

Mrs. Bell Henry, of Buffalo, N. Y., who was en route to Tallahassee, Fla., with a party, said, "I think this scenery in Kentucky, of which I have heard so much, is up to the advertising it has received, and I only hope to make a stay, and not a trip of it, next time. We will be back through here next April."

The fourth lady tourist, from another state, when asked regarding her view of Kentucky, proved to be Mrs. Hallie James, from near Great Barrington, Mass. She was accompanied by her daughters, and expressed her views with difficulty owing to the interference by the young ladies who wanted to say something, all of which was complimentary. Mrs. James asserted this was the "farthest west" she had ever been, and was afraid to come this far south, fearful of hot

weather, but admitted the weather was great, and did not hesitate to admit that the country was greater. "I want to see some of those thoroughbred horses of which I hear so much. I know they are beautiful. I wonder if there are bears out in those woods?" she inquired, greatly interested. She said, speaking of the beautiful meadows, "Kentucky is appropriately named, the Bluegrass state."

HORSEMEN ASSEMBLE

Admirers of Kentucky thoroughbreds assembled unexpectedly Sunday at Boonesboro, some coming from a great distance, to see the steeds that will participate in the great eastern race later, which are being worked out under the guidance of the owner of several of them, William Woodard, who recently brought them to the training ground. There were visitors from Louisville and other cities to the south, while Franklin Brothers, of Muncie, Ind., and Cal Hayner, of Logansport, Ind., as well as a number from Cincinnati, on the grounds, having made the trip by auto. The horses are said to be in good condition, but the preliminary work only is being given. However, the training will become more extensive as time goes on, and it is believed that every horse entered in the race will be in fine fettle when the proper time comes. "They will be well worked, but not overworked," said one of the trainers in speaking of the limited amount of work given them daily.

RURAL COMMUNITY CENTER

A number of agencies have been responsible for the origin, growth and development of the rural community center. Perhaps the most obvious is the automobile, because it has enabled farm people to gather together much more easily than they could in the old days. It's a matter of a very short run from corner to corner of the average township, and it's easy to get to evening meetings of one kind and another. The state agricultural colleges have done much to advance this work, too, by arranging programs for evening meetings, furnishing speakers and giving all the assistance in their power.

One other thing has been particularly helpful in this respect and that has been the farm electric light and power plant introduced within the last few years. Many a rural school house that formerly held its evening meetings with the aid of a dim and smoky oil lamp or held no meetings at all, now show a blaze of bright, cheerful electric light from every window on one or more evenings of the week. In the first place electric light makes good cheer, as compared with the old methods. It is an easy thing, too, to arrange the electric lights just where they will do most good.

But perhaps the greatest advantage of electricity for the rural community school house lies in the fact that it makes possible the use of stereopticon and motion pictures. For real entertainment and for educational work there are few things as good as the motion picture. It speaks a universal language. With its aid one can travel to the four corners of the earth in the short length of an evening. Its straight educational value is tremendous. A good film showing the latest and best way of carrying on various kinds of agricultural work can be made clear in a moment what a speaker might have trouble in explaining at all.

With all these agencies working in its favor, not the least of which is electricity, the rural community center is an assured success.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

The busy world of today pays homage to the motor car.

Like other time and labor savers, it increases the productive efforts of the human race, making possible the accomplishment of greater tasks in a shorter period of time.

If you are contemplating the purchase of a motor car as an aid to time-saving, we ask that you consider especially the five-passenger Paige Glenbrook.

Here is a car which, in size, speed and power, is especially suited to the everyday needs of business. And, in beauty, comfort and mechanical excellence, it is quite the equal of higher priced cars.

When you see the Light Six Paige, you will be agreeably surprised, we believe, to realize that a car of such outstanding worth may be had at such a moderate price.

Matinee Tea.

Misses Mayme and Lula Campbell, who are visiting their sister, Mrs. Fletcher West, in Atlanta, were guests of honor at a tea this week. The following clipping from an Atlanta paper will be read with interest by their friends here:

A pretty party of Tuesday afternoon was the box party at the Lyric given by Mrs. Fletcher West, complimenting Misses Mayme and Lula Campbell, of Richmond, Ky. After the matinee, the guests were invited to the Ansley roof garden, where tea was served at an attractively appointed table, yellow being used as the color scheme, which was carried out in garden flower decorations, place cards and small gold wish-bone favors.

The guests were Mrs. J. B. Banks, Mrs. Paul Key, Mrs. Wm. Oldknow, Mrs. Hugh Harvis, Mrs. Allen Johnson, Mrs. Royal Daniel, of New York, Mrs. W. Scott, of New York, Mrs. W. and Miss Marjorie

Club Women.

A clipping from the Richmond paper will be read with interest by many friends of Mrs. Tipton. Miss Mary Coyle, of this city, whose husband has recently become owner of part of Elmendorf farm on the Maysville pike, near Lexington. It says:

Mrs. Robert E. Tipton entertained the members of Mt. Sterling Country Women's Club, of which she was president during her residence in that city, with a beautiful luncheon at her

country home on the Russell Cave pike. The party colors were pink and green, and pink carnations and ferns were used in the rooms and on the tables. Two large tables and several smaller ones were arranged in the two dining rooms of the spacious home, and a delicious four course luncheon was served, the colors being carried out in the salad, ices and mints.

The guests motored from Mt. Sterling. Those present were:

Mrs. Charles Duff, Mrs. Charles Perpp, Mrs. Emma Duff, Mrs. Montjoy, Mrs. Wm. Howell, Miss Miriam Young, Mrs. N. B. Young, Mrs. Marcus Prewitt, Mrs. Prewitt Young, Mrs. Wilnot Prewitt, Mrs. B. T. Jeffries, Mrs. Fisher Mark, Mrs. J. K. Johnson, Mrs. Charles Highland, Mrs. Ella Gillespie, Mrs. W. P. Oldham, Mrs. Chas. Anderson, Mrs. William

WAS KISSED TOO OFTEN, SHE ASKS COURT RELIEF
New York, July 31—Magistrate J. T. O'Neil, Brooklyn, today committed Edward A. Stoddard, 30 years old, veteran of the 165th Infantry, to the observation ward at King's county hospital, because he kissed his wife too much. His wife was complainant, and when men in the court room looked on her, more than one opined that he didn't blame Stoddard. A pretty little woman is Mrs. Stoddard. "Your honor," she said to Magistrate O'Neil, "he was kissing me with kisses and love. He kissed on the street, in church, at home, I counted 300 kisses last Monday, and the good Lord knows how many on Sunday. He kissed me until I felt I was dying from his kisses, and then he wanted me to smile."
"A strange world," soliloquized the court. "Most women protest because their husbands do not kiss them enough."
She is 32 years old and has an 8-year-old daughter. They have been married ten years.
Mr. B. F. Hurst has returned from a business trip to Whitesburg.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful."

I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieved me until I took Cardui...

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-138

Mail Carrier Rified Letters

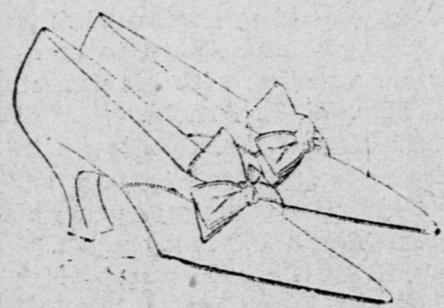

Lexington, Ky., July 31.—Post-office Inspectors Victor R. Beck and F. Pearce arrested here Robert Ray McCarty, 28 years old, a carrier at the local postoffice, charged with theft and rifling special delivery letters. He is alleged to have confessed, saying he needed the money. He was held under \$500 bond to the federal court. He was trapped by a decoy letter, which was found in his possession when he was arrested.

Melons Condemned

Lexington, Ky., July 31.—A carload of watermelons valued at \$400, consigned to Joseph Papani & Company, local wholesale fruit dealers, was condemned here by City Food and Dairy Inspector Worthington as unfit for human consumption. A part of the carload has been sent to Nicholasville and distributed to retailers, but they were overtaken and seized. The shipment was from W. F. Jackson, Theodore, Ala. The melons had been picked while green and had ripened in such a manner that they were dangerous to eat. Federal authorities were notified and will institute investigation.

AUTO DRIVERS MUST BE 18

The new automobile law passed by the last session of the legislature requires drivers of automobiles to be 18 years of age. Several youngsters in town have been employed to run machines and trucks and delivery cars and the firms are making arrangement to comply with the law.

LOCAL RED CROSS WORK IS EXTENSIVE

Many Perplexing Situations Arise As Result of Abolition of the State Offices

Reports issued by newspapers of this and other parts of the state regarding the service of the Red Cross have caused the greatest confusion relative to operations and thrown many of the earnest workers in a quandary and innumerable perplexing situations have come up, threatening a curtailment of the good work being done here.

The abolition of the state offices is the reported cause, many being of the belief that the divisional work was to be abolished, which is far from the fact of the case, since the home office in Richmond has never been a busier place than at the present time, and the diligence and service of the loyal and patient women representing their special branch of work were never more patient and eager to perform their duties. While not occupying a conspicuous position at the state headquarters nor enjoying the advantages of travel here and there, they remain at their posts, always ready and willing to take up the work of caring for those needing it, and there are some right here in Madison county who are receiving and greatly appreciating this service now.

Mrs. William Grider, Mrs. D. L. Cobb and Mrs. Tutt Burnam, ladies of the Red Cross, go quietly about their work, and are very actively engaged now, as they have been for months, but there is little pretention or illustriousness about the fact. They hold regular meetings and as a visiting committee go right out after the one needing aid, and see that it is given. The office will not close here, as far as is known, the work being done either through the Great Lakes station at Cleveland, in which division Richmond is classified, or the National offices at Washington, where most of the local work is reported, anyhow. The same can be said of the office of S. W. Norman, secretary of the Home Service Section, who has procured a stenographer for the express purpose of assisting ex-service men to procure papers for receiving medals being made for them by the government. There are sick soldiers and sailors now receiving benefit through the kindly offices of the local representatives and the patriotic and humane work is seemingly pleasure to them all.
